

September 20, 2002

Jim Flisrand
Public Works Operations Manager
City of Enumclaw
1309 Mertle Avenue
Enumclaw, Washington 98022

Dear Mr. Flisrand:

Subject: Review of Enumclaw Leak Investigation Records

The Washington Utilities and Transportation Commission (WUTC) Staff have reviewed Enumclaw's gas odor and leak investigation documentation provided to the WUTC on July 1, 2002. In June of 2002, Staff requested that Enumclaw provide this documentation based on an anonymous public complaint regarding Enumclaw's emergency response procedures and practices.

Washington Administrative Code (WAC) 480-93-185 requires prompt immediate response to any indications of gas odors or leaks. Staff's review of the documentation provided by Enumclaw to the WUTC indicates that Enumclaw is in compliance with this requirement. Docket number UG-020774 will be closed as of September 19, 2002.

Staff would like to thank Enumclaw personnel for their cooperation during this review and for the detailed records provided. If you have any questions or if Staff may be of any assistance please call Scott Rukke at (360) 664-1241.

Thank you for your cooperation and interest in pipeline safety.

Sincerely,

Scott Rukke
Pipeline Safety Engineer
